

Calvary Cemetery News:

On July 1, 2022, we will be raising the prices of graves and burials at Calvary Cemetery. The last Price increase occurred in 2016. Given the increase in fuel costs and supplies, this increase will help cover these costs and continue to maintain the Cemetery at the current high level.

The following are the new prices:

Purchase a single grave:	\$600	Current price: \$500
--------------------------	-------	----------------------

Full Burial Open/Close:	\$600	Current price: \$550
-------------------------	-------	----------------------

Cremation Burial:	\$300	Current price: \$250
-------------------	-------	----------------------

We want to acknowledge the Calvary Cemetery Crew for their tremendous efforts in maintaining and Keeping our Cemetery so manicured and clean.

If you have any questions or would like to arrange an appointment to purchase a gravesite, please call the Sacred Heart Parish Office.
